PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Programmer's Paradise, Inc. (the "Company") of proxies to be voted at the Annual Meeting of Stockholders ("the Meeting") to be held at the Molly Pitcher Inn, Red Bank, New Jersey, on June 12, 2001 at 9:00 AM, local time, and at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Any stockholder giving such a proxy may revoke it at any time before it is exercised by written notice to the Secretary of the Company at the above-stated address or by giving a later dated proxy. Attendance at the Meeting will not have the effect of revoking the proxy unless such written notice is given, or unless the stockholder votes by ballot at the Meeting.

The approximate date on which this Proxy Statement and the accompanying form of proxy will first be sent or given to the Company's stockholders is April 30, 2001.

VOTING SECURITIES

Only holders of shares of Common Stock, \$.01 par value per share ("Common Stock"), of record at the close of business on April 23, 2001 are entitled to vote at the Meeting. On the record date, the Company had issued and outstanding 5,210,125 shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote upon all matters to be acted upon at the Meeting. A majority in interest of the outstanding Common Stock represented at the Meeting in person or by proxy shall constitute a quorum. The affirmative vote of a plurality of the shares present in person or represented by proxy at the Meeting and entitled to vote is necessary to elect the nominees for election as directors. Accordingly, shares not voted in the election of directors (including shares covered by a proxy as to which authority is withheld to vote for all nominees) and shares not voted for any particular nominee (including shares covered by a proxy as to which authority is withheld to vote for only one or less than all of the identified nominees) will not prevent the election of any of the nominees for director. For all other matters, if any, submitted to stockholders at the Meeting, if a quorum is present, the affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required for approval. As a result, abstention votes will have the effect of a vote against such matters. Abstentions and broker non-votes are counted for

purposes of determining the presence or absence of a quorum for the transaction of business. Broker non-votes are not counted for any purpose in determining whether a matter has been approved.

If the enclosed proxy is properly executed and returned, the Common Stock represented thereby will be voted in accordance with the instructions thereon. If no instructions are indicated, the Common Stock represented thereby will be voted FOR the election of the nominees set forth under the caption "Election of Directors" and in discretion of the persons named in the proxies as proxy appointees as to any other matter that may properly come before the Meeting.

If you are a participant in the Company's 401(k) Savings Plan, the proxy represents the number of shares in your plan account as well as other shares registered in your name. For those shares in your plan account, the proxy will serve as a voting instruction for the trustee of the plan. If voting instructions are not received by the trustee for shares in your plan account, the trustee will not be able to vote those shares on your behalf.

Your vote is important. Accordingly, you are urged to sign and return the accompanying proxy card whether or not you plan to attend the Meeting. If you do attend, you may vote by ballot at the Meeting, thereby canceling any proxy previously given.

All directors hold office until the next annual meeting of stockholders and until their successors are duly elected. Officers are elected to serve, subject to the discretion of the Board of Directors. There are no family relationships among any of the directors or executive officers of the Company.

The Board of Directors held nine meetings during the last fiscal year. None of the directors who were in office in the year 2000 attended fewer than 75% of the number of meetings of the Board of Directors or any committee of which he is a member, held in 2000 during the period in which he was a director or a committee member, as applicable.

The Compensation Committee, presently consisting of Messrs. Meyercord, Weingarten and Morgens, reviews and recommends to the Board of Directors the compensation and benefits of all officers of the Company, reviews general policy matters relating to compensation and benefits of employees of the Company, and administers the issuance of stock options to the Company's employees, directors and consultants. The Compensation Committee held one meeting during the last fiscal year. The Audit Committee, consisting of Messrs. Meyercord, Weingarten and Morgens, meets with management and the Company's independent auditors to determine the adequacy of internal controls and other financial reporting matters. All of the members of the Audit Committee are "independent" for purposes of the National Association of Securities Dealers' listing standards. The Audit Committee held four meetings during the last fiscal year. There is no nominating committee of the Board of Directors.

The directors of the Company receive a fee of \$1,000 per quarter and \$500 per meeting for their services and are reimbursed for reasonable expenses incurred in connection with attendance at Board and committee meetings. In April 1995, the Company adopted the 1995 Non-Employee Director Plan pursuant to which the Company's non-employee directors received automatic grants of options to purchase shares of Common Stock, and Messrs. Morgens and Meyercord were each granted options to purchase 18,750 shares of Common Stock, which vest in an

installment of 20% of the total option grant upon the expiration of one year from the date of the option grant, and thereafter vest in equal quarterly installments of 5%, and have an exercise price of \$4.00 per share. Messrs. Willett, Weingarten, Sicht and Boyer also received similar grants upon their election to the Board at the appropriate fair market value of the stock on the date of grant. See "Stock Option Plans." During 1998 each director then serving on the Board was awarded an additional stock option grant for 15,000 shares under the 1995 Non-Employee Director Plan with an exercise price of \$6.375. These options vested over a two-year period with two thirds vesting on July 23, 1999 and the balance one year thereafter. This particular option grant also included acceleration of vesting under change of control provisions.

7

Compliance with Section 16(a) of the Exchange Act

Section 16(a) under the Securities Exchange Act of 1934 (the "Exchange Act"), requires the Company's officers and directors and holders of more than ten percent of the Company's outstanding Common Stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish the Company with copies of these reports. Based solely upon a review of such forms, or on written representations from certain reporting persons that no reports were required for such persons, the Company believes that during 2000 all required events of its officers, directors and 10% stockholders required to be so reported, have been filed.

Employee Benefit Plans

The Company provides all employees, including executive officers, with group medical, dental and disability insurance on a non-discriminatory basis. Employees are required to contribute 20% of the premium costs of such policies. The Company has a 401(k) savings and investment plan intended to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), for its domestic employees, which permits employee salary reductions for tax-deferred savings purposes pursuant to Section 401(k) of the Code. The Company matches 50% of domestic employee contributions up to the first 6% of compensation. The Company's total contributions for 2000 were approximately \$93,000.

The Company maintains a performance bonus plan for its senior executives which provides for a bonus of up to 25% of the executive's base salary in the event certain performance targets, based upon revenue and operating profitability, are achieved and also provides for additional incentive bonuses based upon pre-established metrics (the "Performance Bonus Plan"). The Performance Bonus Plan also provides for an increase in the available bonus pool for performance in excess of a specified net income after tax performance target (the "over target bonus"). Subject to approval by its Board of Directors, the Company anticipates that a similar type bonus plan will continue in effect for the 2001 and subsequent fiscal years and that bonuses under this plan in the 2001 fiscal year and thereafter will be based on the Company meeting or exceeding profitability targets established by the Compensation Committee.

Stock Option Plans

1986 Stock Option Plan. The Company's 1986 Stock Option Plan (the "1986 Option Plan") expired in accordance with its terms in March 1996. Pursuant to the 1986 Stock Option Plan "incentive stock options" ("ISO" or "ISOs") to purchase shares of Common Stock were granted to officers and other key employees (some of whom are also directors) of the Company. Additionally, directors of the Company were granted non-qualified options pursuant to the 1986 Option Plan. A total of 567,336 shares of Common Stock are subject to outstanding options and have been reserved for issuance under the 1986 Option Plan, with exercise prices ranging from \$0.24 to \$6.00 per share. Due to its expiration and termination, no additional options may be granted under the 1986 Stock Option Plan.

1995 Stock Plan. The purpose of the Company's 1995 Stock Plan (the "1995 Stock Plan") is to provide incentives to officers, directors, employees and consultants of the Company. Under the 1995 Stock Plan, officers and employees of the Company and any present or future subsidiary are provided with opportunities to purchase shares of Common Stock of the Company pursuant to options which may qualify as ISOs, or which do not qualify as ISOs ("Non-Qualified Options") and, in addition, such persons may be granted awards of stock in the Company ("Awards") and opportunities to make direct purchases of stock in the Company ("Purchases"). Both ISOs and Non-Qualified Options are referred to hereafter individually as an "Option" and collectively as "Options." Options, Awards and Purchases are referred to hereafter collectively as "Stock Rights." The 1995 Stock Plan contains terms and conditions relating to ISOs necessary to comply with the provisions of Section 422 of the Code.

The 1995 Stock Plan currently authorizes the grant of Stock Rights to acquire up to 1,137,500 shares of Common Stock. A total of 521,891 shares of Common Stock are presently subject to outstanding Options under the 1995 Stock Plan at exercise prices ranging from \$4.00 to \$12.94 per share. Unless sooner terminated, the 1995 Stock Plan will terminate on April 21, 2005. The 1995 Stock Plan requires that each Option shall expire on the date specified by the Compensation Committee, but not more than ten years from its date of grant in the case of ISOs and ten years and one day in the case of Non-Qualified Options. However, in the case of any ISO granted to

10

an employee or officer owning more than 10% of the total combined voting power of all classes of stock of the Company or any present or future subsidiary, the ISO expires no more than five years from its date of grant.

1995 Non-Employee Director Plan. The purpose of the Company's 1995 Non-Employee Director Plan (the "1995 Director Plan") is to promote the interests of the Company by providing an inducement to obtain and retain the

services of qualified persons who are not employees or officers of the Company to serve as members of its Board of Directors ("Outside Directors"). The 1995 Director Plan authorizes the grant of options for up to 187,500 shares of Common Stock and provides for automatic grants of nonqualified stock options to Outside Directors. Under the 1995 Option Plan, each current Outside Director has received, and each Outside Director who first joins the Board after April 1995 will automatically receive at that time, options to purchase 18,750 shares of Common Stock. The 125,625 options granted to Outside Directors have exercise prices ranging from approximately \$3.50 to \$7.50. All options granted to Outside Directors have an exercise price equal to 100% of the fair market value on the date of grant. There are currently 16,875 shares of Common Stock available for grant under the 1995 Director Plan. The 1995 Director Plan requires that options granted thereunder will expire on the date which is ten years from the date of grant. Each option granted under the 1995 Director Plan becomes exercisable over a five-year period, and vests in an installment of 20% of the total option grant upon the expiration of one year from the date of the option grant, and thereafter vests in equal quarterly installments of 5%.

Employment Agreements

Each of the Named Executive Officers has entered into an agreement that includes a covenant not-to-compete and a confidentiality provision. The covenant not-to-compete prohibits the executive for a period of one year after termination from engaging in a competing business. Such covenant also prohibits the executive from directly or indirectly soliciting the Company's customers or employees.

The Company entered into an employment agreement with Mr. Willett in July 1998, which provides for a base salary of \$225,000 per year. The agreement expires on January 15, 2002 and is subject to automatic renewal for a twelve-month period unless either party provides ninety-day advance notice. The agreement includes the grant of certain stock options, an automobile allowance and participation in the Company's benefit plans. The agreement also provides a performance bonus tied to stock price. Mr. Willett has the right to terminate his employment at any time on not less than 90 days prior written notice. The Company has the right to terminate Mr. Willett's employment with or without "cause" (as defined in the employment agreement), without prior written notice. In the event that Mr. Willett's employment is terminated without cause or by the rendering of a non-renewal notification, he is entitled to receive severance payments equal to six months salary, immediate vesting of all outstanding stock awards and a pro-rata performance bonus based upon stock price up to the date of separation. Additionally, in the event that a change of control of the Company occurs (as described in the employment agreement), Mr. Willett's outstanding stock awards become immediately vested and he is entitled to the pro-rata performance bonus based upon stock price at the date of such change in control.

CERTAIN TRANSACTIONS

The Company has adopted a policy whereby all transactions between the Company and its principal officers, directors and affiliates must be on terms no less favorable to the Company than could be obtained from unrelated third parties and will be approved by a majority of the disinterested members of the Company's board of directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Edwin H. Morgens, F. Duffield Meyercord and Allan Weingarten served as members of the Compensation Committee during the last completed fiscal year. None of Messrs. Morgens, Meyercord and Weingarten (i) was, during the last completed fiscal year, an officer or employee of the Company or any of its subsidiaries, (ii) was formerly an officer of the registrant or any of its subsidiaries, or (iii) had any relationship requiring disclosure by the Company under any paragraph of Item 404 of Regulation S-K which has not been already disclosed.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

In evaluating the reasonableness of compensation paid to the Company's executive officers, the Compensation Committee takes into account, among other factors, how compensation compares to compensation paid by competing companies, individual contributions and the Company's performance. Base salary is determined based upon individual performance, competitive compensation trends and a review of salaries for like jobs at similar companies. The Company also maintains the Performance Bonus Plan for its senior executives which provides for a bonus of up to 25% of the executive's base salary in the event certain performance targets, based upon revenue and operating profitability, are achieved. The Performance Bonus Plan also provides for an increase in the available bonus pool for performance in excess of a specified net income after tax performance target. For a further discussion of the Performance Bonus Plan, and amounts paid in respect of the 2000 fiscal year, see the discussion under "Employee Benefit Plans."

It is the Company's policy that the compensation of executive officers also be based, in part, on the grant of stock options as an incentive to enhance the Company's performance. Stock options are granted based upon a review of such executive's responsibilities and relative position in the Company, such executive's overall job performance and such executive's existing stock option position. In 2000, in accordance with the above criteria, the executive officers received stock options that are exercisable ratably over a five-year period.

The compensation of the Company's Chief Executive Officer in 2000 consisted of a base salary. In addition, a special cash bonus (as described below) was paid, however no stock options were granted to the Chief Executive Officer. Base salary level was established considering base salaries of peer Chief Executive Officers with similar executive responsibilities.

In connection with the successful completion of the Company's strategic plan for the year 2000, the Compensation Committee awarded special cash bonuses of \$100,000, \$50,000 and \$49,000, respectively, to the Company's Chief Executive Officer, Chief Financial Officer and Simon Nynens, a Vice President of the Company and formerly the head of the Company's European operations.

STOCK PRICE PERFORMANCE GRAPH

The following graph and table illustrates a comparison of cumulative shareholder return among the Company, the Standard & Poor's Midcap 400 Index and an index of peer companies selected by the Company (the "Custom Peer Group Index"). The members of the peer group are as follows: Creative Computers, Inc., Egghead Inc., Merisel, Inc., Computer Discount Warehouse and Software Spectrum, Inc. For the purpose of calculating the peer group average, the returns of each company have been weighted according to its market capitalization. The measurements assume that on January 1, 1996, \$100 was invested, alternatively, in the Company's Common Stock, the Standard & Poor's Midcap 400 Index and the Custom Peer Group Index.

INDEPENDENT PUBLIC ACCOUNTANTS

 The Board of Directors has appointed Ernst & Young LLP, as the independent certified public accountants of the Company for the fiscal year ending December 31, 2001. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. The representatives will have the opportunity to make a statement, although they are currently not expected to do so. The representatives are expected to be available to respond to appropriate

questions.

Report of the Audit Committee

Under the guidance of a written charter adopted by the Board of Directors (which is attached as Exhibit 1 to this Proxy Statement), the Audit Committee oversees the Company's financial reporting process on behalf of the Company's Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the 2000 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the matters in the written disclosures and letter which were received by the Audit Committee from the independent auditors as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended, and considered the compatibility of non-audit services with the auditor's independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held four meetings during the fiscal year ended December 31, 2000.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2000 for filing with the Securities and Exchange Commission. The Audit Committee has recommended, and the Board has approved, the selection of the Company's independent auditors.

Audit Fees; Financial Information Systems Design and Implementation Fees;
All Other Fees

In addition to performing the audit of the Company's consolidated financial statements, Ernst & Young LLP has provided various other services during fiscal 2000. The aggregate fees billed for fiscal 2000 for each of the following categories of services are set forth below:

Audit of the Company's annual financial statements for the year ended December 31, 2000 and review of the financial statements included in the Company's Quarterly Reports on Form 10-Q in 2000: \$162,800. All other services: \$72,120.

Ernst & Young LLP has not provided any information technology services to the Company during fiscal 2000. The fee set forth above for "other services" includes tax related services and services rendered in connection with SEC filings.

The Audit Committee has reviewed summaries of the services provided by Ernst & Young LLP and the related fees and has considered whether the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP.

On recommendation of the Audit Committee, the Board has appointed Ernst & Young LLP to audit the Company's 2001 financial statements.

GENERAL

The Management of the Company does not know of any matters other than those stated in this Proxy Statement which are to be presented for action at the Meeting. The Company will bear the cost of preparing, printing, assembling and mailing all proxy material which may be sent to stockholders in connection with this solicitation. Arrangements will also be made with brokerage houses, other custodians, nominees and fiduciaries, to forward soliciting material to the beneficial owners of the Company's Common Stock held by such persons. The Company will reimburse such persons for reasonable out-of-pocket expenses incurred by them. In addition to the solicitation of proxies by use of the mails, officers and regular employees of the Company may solicit proxies without additional compensation, by telephone, telecopier or telegraph. Exhibit 1

Programmer's Paradise, Inc.
Audit Committee Charter
June 2000

1. Organization

This Charter governs the operations of the Programmer's Paradise, Inc. ("the Company") Audit Committee ("the Committee"). The Committee shall review and reassess the Charter at least annually and obtain the approval of the Board of Directors. The Committee shall be appointed by the Board of Directors and, no later than June 14, 2001, shall comprise at least three directors, each of whom is "independent" of management and the Company as that term is used by the National Associate Securities Dealers. Members of the committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All committee members shall be financially literate, (or shall become financially literate within a reasonable period of time after appointment to the committee,) and at least one member shall have accounting or related financial management expertise.

2. Statement of Policy

The Committee shall provide assistance to the Board of Directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others, relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs

as established by management and the Board. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, independent auditors, the internal auditors, and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel or other experts for this purpose.

3. Responsibilities and Processes

The primary responsibility of the Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

- o The Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the Board and the Committee, as representatives of the Company's shareholders. The Committee shall have the ultimate authority and responsibility to evaluate and, where appropriate, replace the independent auditors. The committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the Committee shall review and recommend to the board the selection of the Company's independent auditors.
- o The Committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. Also, the Committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the Committee shall meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations.
- o The Committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chair of the Committee may represent the entire Committee for the purposes of this review.
- o The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgement about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgements, and the clarity of the disclosures in the financial statements. Also, the Committee shall discuss the results of the annual report and other matters.
- o Annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.
